## Buy Signal Rules for Safe Traders [Recommended]

### ENTRY RULE:

Buy When Buy Signal is there and Two Consecutive Green Lines are formed in the Sideways Detector & Volume Trend must be in Green Color.

### EXIT RULE :

- You can Book Profit Near Target1, Target2 or Book the Profits when the sideways detector changes to opposite color.
- When Both EMA Lines cross over each other and changes the EMA line color from green to red.
- Exit When White Color Candle formed.
